Dear Customers,

As noted in our last two lists, we are experimenting with new formats for our short lists. The rationale is that the vertical format may be easier to view in portable devices — tablets, mobile phones, etc.

Your feedback so far has favoured the portrait orientation— with some reservations! — some of you felt the picture obscured the all-important description. Here is an attempt to resolve this. If you would like to let us know your thoughts we would be most grateful!

Thanking you in advance, and thanking you for your custom,

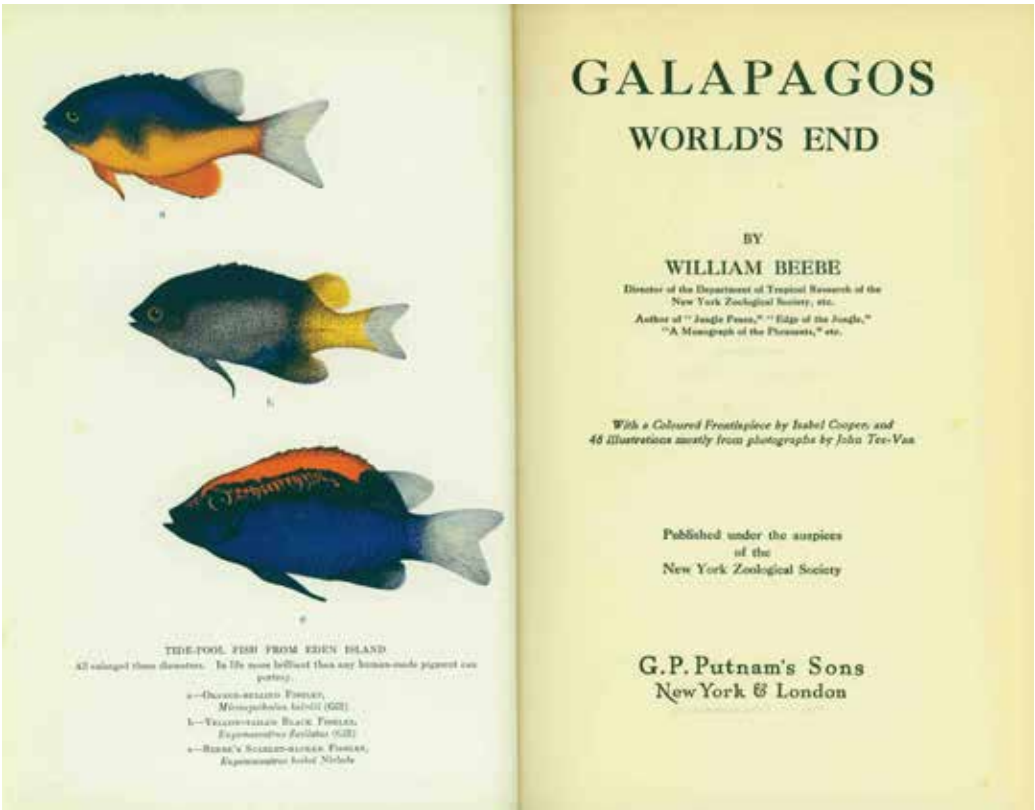

Kind regards,

Julien Renard.

NOTICE TO CUSTOMERS:

This is our two hundred and ninetieth short list. We hope you find something of interest.

We intend to produce many more lists in future on a variety of subjects and we would prefer where possible to send these by email as PDF file attachments or links to files on our Website. This has the obvious advantage of reducing costs and enhancing the speed of delivery and the email/PDF versions will also be enhanced with colour illustrations. A fully illustrated version of this list in pdf format is also available on our website or will be emailed on request. Likewise we encourage you to send orders by email, fax or telephone.

If you would like to receive future lists please indicate your interests by email (preferred) or by using the form below by post. **Please note we no longer have fax facilities.** If you would like to receive ALL lists (email only) please let us know also. If for any reason you do not wish to receive any more of these lists, also please let us know and we will cease and desist. We have experimented with a number of forms for emailing orders to us but many security systems now prevent such links from working correctly so we suggest simply emailing us at: books@GastonRenard.com and copying and pasting the entries of the items you want from the list above. If you encounter any difficulties, please let us know! For orders by post please use the Order Form at end, we do however recommend email as cheaper, faster and more efficient.
