This beautiful book, the first *Flora* of Australia, contains 16 superb coloured botanical plates. With preliminary matter and bibliographical notes there are 80 pages of text, and included are several illustrations of original wrappers and title-pages to complement the notes.

Never before reprinted, and strictly limited to 212 numbered copies (200 for sale), our new edition will be available in three forms, all printed on archival quality Soft White Superfine Eggshell, and finely hand-bound in full antique-style golden brown Australian-tanned leather, with raised bands, contrasting morocco title-label and dyed edges:

Limited Edition (120 copies) - 250 x 320 mm., an exact facsimile of the original edition, printed in full colour (plates) and black (text) at original size. **A\$650.00**

Deluxe Edition (60 copies) - 305 x 400 mm., printed in colours on Large Paper, with the superb plates enlarged by 25%, the text entirely reset in Caslon types and enhanced with judicious use of colour. **A\$1150.00**

Special Edition (20 copies) - Large Paper, as for the Deluxe Edition, but also accompanied by an exact facsimile of the original parts, hand-sewn in wrappers at original size, the ensemble housed in a full cloth Solander Box. **A\$2200.00**

This work is now completing binding and will be available shortly.

Banksia spinulosa.

This book won two Silver Medals at the 22nd National Print Awards.
